

CURRENT EMPLOYMENT

Head of Design
Kingdom Creative

As a senior member of staff, I directly manage a junior designer and help oversee a team. I manage campaigns and work with department budgets.

I design and plan marketing collateral including email design, Facebook ads, editorial design & web banners. I have also controlled budgets for these departments.

Video & web production
15 Employees

I ensure that all work produced at the company is within clients brand guidelines. Brands include Porsche, Williams Martini Racing, MINI & Tesco.

I have been given autonomy to maintain and grow Kingdom's brand after my initial company re-brand back in 2014. I have good professional knowledge of creating brands.

February 2013
- Present

I brand, design, manage and develop custom commercial and internal web products from scratch with PHP, MYSQL, JQuery & Wordpress.

I produce 2D visual effects within video and fly aerial filming quadcopters when I get the chance. I work on quotes, sales, pitches and client relations, from concept to creation.
